Our friendly admin staff are more than happy to talk you through the process if needed.

We are no longer using Enews or Class Dojo for parent communications. We are in the process of migrating to the Sentral for Parents app, available in the Apple App Store and Google Play Store.

Families will need to register an account and use their unique access key to connect to the school on the app. Emails containing access keys were sent home last Tuesday through email addresses on your school file. We encourage all families to download and connect through the app ASAP.

The app has many possible functions. At Five Dock Public school the app will allow parents to see important announcements and record absences for attendance with a view to including more functions as we progress.

Please note that all permission notes and finances will continue to go through 'School Bytes.'
